## WHAT TO EXPECT

# From Your Session

## ABOUT YOUR SESSION

Be prepared to feel beautiful, feel sexy and look amazing. There is absolutely nothing to be nervous about so relax and enjoy your session. Feel free to bring a friend and make it a girls day or night. Whether you are bold and outgoing or shy and bashful, we'll customize a session just for you.

You will have a great time and you will love your photos!

Don't forget the most important thing... Relax. Remember that I have years of experience posing and working with lighting and camera angles to emphasize your best features and minimize anything less than perfect.

The beauty of a woman is not in the clothes she wears, the figure that she carries, or the way she combs her hair. The beauty of a woman is seen in her eyes, because that is the doorway to her heart, the place where love resides. True beauty in a woman is reflected in her soul. It's the caring that she lovingly gives, the passion that she shows & the beauty of a woman only grows with passing years.

— Audrey Hepburn

*T*here is nothing more rare, nor more beautiful, than a woman being unapologetically herself; comfortable in her perfect imperfection. To me, that is the true essence of beauty.

LITTLE BLACK...

# Books And Boxes

White Design "Little Black Books" are designed entirely by me based your style. Images are not sent off to be designed for you by someone who wasn't at your shoot. I generally recommend people come into the studio to see our "Little Black Books" in person as they really do have to be seen for you to fully appreciate their high level of quality.

We also offer beautiful walnut wood image boxes that hold a beautiful 4x5 print of each of your session images.

One great advantage of the book or image box is that you can have a photo of every image from your shoot! You don't have to decide what images you get and what images are left at the studio.

*I* had to grow to love my body.

I did not have a good self-image at first. Finally it occurred to me, I'm either going to love me or hate me. And I chose to love myself. Then everything kind of sprung from there. Things that I thought weren't attractive became sexy. Confidence makes you sexy.

—Queen Latifah
